

MONTHLY WEATHER REVIEW - ARMIDALE NSW
OCTOBER 2020

October 2020 was a mild to warm month with above average rainfall.

The rainfall total of 91.6 millimetres was 24 mm higher than the average with most of the rain falling in the second half of the month.

Temperatures were higher than normal, although there were no notable extremes.

It was a partly cloudy month with only 12 sunny days, and thunderstorms on four days including a hailstorm on the 8th - see below.

Prevailing winds were light to moderate westerlies which is normal for this time of year.

Noteworthy events:

28th - A low pressure trough over northern New South Wales generated thunderstorms over the north-east of the state with a number of them producing hail. Hail fell in North Armidale twice in the early afternoon with a more severe hailstorm just after 6pm. From 6.10 to 6.20pm hail whitened the ground in most of the city with hailstones between 5 and 15 millimetres diameter with a few as large as 20 mm diameter. Some damage to trees and gardens occurred. Rainfall and melted hail total for the 24 hours to 9am on Thursday the 9th was 29.0 mm at the city weather station and 33.8 mm at the airport.
